(a) Eligible producer. An eligible producer shall be any person, partnership, association, or corporation, producing corn in 1943 in areas where farm storage is feasible, as landowner, landlord, or tenant, with respect to whose farm no deductions from payment have been or will be computed under the 1943 agricultural conservation program for failure to meet 90 percent of the 1943 war crop goal.

The Angoumois moth infestation area shall be designated by the State agricultural conservation committee, subject to the approval of the Regional Director, Agricultural Adjustment Agency.

(c) Storage. Eligible storage shall consist of cribs or bins which are of such substantial and permanent construction as to afford protection against rodents. other animals, thieves, and weather, as determined by the county agricultural

(d) Lending agency. Any bank, cooperative marketing association, corporation, partnership, or person, making loans, in accordance with these instructions, upon C. C. C. Grain Form A (Revised), secured by chattel mortgages on C. C. C. Grain Form AA (Revised), which has executed the Contract to Purchase on 1940 C. C. C. Form E.

(e) Eligible paper. For the purpose of the Contract to Purchase (1940 C. C. C. Form E), eligible paper shall consist of producers' notes (C. C. C. Grain Form A, Revised), which have been approved by a member of the county agricultural conservation committee.

§ 248.2 Amount. Loans will be made on eligible corn to eligible producers in accordance with the county loan rates as indicated in 1943 C. C. C. Corn Form 1-Supplement 1. The rate for corn classified as "Mixed Corn;" shall be 2 cents less per bushel. A bushel of ear corn shall be determined by using not less than 2.5 cubic feet of ear corn testing not more than 15.5 percent in moisture content. An adjustment in the number of bushels of ear corn will be made for moisture content in excess of 15.5 percent, in accordance with the following schedule:

A bushel of shelled corn shall be determined by using not less than 1.25 cubic feet of shelled corn.

§ 248.3 Maturity and interest rate. Loans will bear interest at the rate of 3 percent per annum. Loans mature on October 1, 1944, unless they are called at an earlier date by Commodity Credit Corporation.

§ 248.4 Filing of chattel mortgages. Chattel mortgages covering the corn must be executed and filed in accordance with the applicable State law. The corn collateral must be free and clear of all liens except in favor of the lienholders listed on the chattel mortgage, with signatures thereto. Where the producer is a tenant, the expiration date of the lease must be shown on the chattel mortgage, and the consent for storage agreement executed if the lease expires before December 1, 1944. Any fraudulent representation made in the execution of the note and mortgage, and related forms, shall render the producer personally liable for the amount of the loan and subject to the provisions of the United States Criminal Code.

§ 248.5 Delivery of collateral. The producer is required to pay off his loan on or before October 1, 1944, or to deliver his collateral as soon as practicable thereafter. In the event the farm is sold, or there is a change in tenancy, or the corn is stored in a designated Angoumois moth area, the collateral may be delivered before October 1, 1944, upon prior approval of the county committee.

§ 248.6 Insurance. Commodity Credit Corporation will not require producers to insure their 1943 corn placed under Ioan. In the event a total loss of collateral occurs from an external cause, with the exception of a loss caused by conversion, negligence, or vermin, the Commodity Credit Corporation will mark the note paid and return it to the producer. In case of a partial loss, the note will be credited at loan value, plus interest, for the number of bushels on which the loss occurred. No loss will be assumed by the Corporation if it is determined that there is fraudulent representation on the part of the producer in connection with the loan. The Corporation will assume losses beginning with the date of disbursement of the loan and ending on the date funds for repayment of the note are delivered to a representative of the Corporation, the date such funds are placed in the mail if submitted direct to the Corporation by the producer, or the date title to the corn is acquired by the Corporation, whichever is

§ 248.7 Set-offs. Loans to eligible producers who, as shown by the county Agricultural Adjustment Agency office

debt register, are indebted to the United States, or any agency or corporation thereof, will not be approved by the county committee unless the producer designates the United States, or the agency or corporation thereof to which he is indebted, as the payee of the proceeds of the loan to the extent of such indebtedness, not to exceed that portion of the proceeds remaining after deduction of the amounts designated to be paid to prior lienholders.

§ 248.8 Producer responsibility. The note and mortgage govern the responsibility of the producer and should be read carefully. In case the producer delivers the corn collateral in payment of his loan, he shall deliver a quantity of shelled corn, grading No. 3 or better (except No. 4 on test weight only), equal to the number of bushels upon which the loan was computed. (Producers are responsible for any loss in quantity or quality due to insect infestation, or any other reason, except as provided in § 248.6 above).

§ 248.9 County committee approval. Each note (C. C. G. Grain Form A. Revised) must be approved by a member of the county committee of the county in which the corn is stored. The date of approval must not be prior to the date of the note, or the date of the chattel mortgage securing the note.

The member of the county agricultural conservation committee signing in the space provided on the grain producer's note (C. C. C. Grain Form A, Revised) certifies, for and on behalf of the county committee, that the corn securing the note, the storage structure(s) in which such corn is stored, and the class, quality, and quantity of such corn, have been inspected, determined, and sealed, in accordance with the requirements of the Commodity Credit Corporation.

§ 248.10 Source of loans. Loans may be obtained from Commodity Credit Corporation or any approved lending agency. Notes representing loans made made direct with Commodity Credit Corporation should indicate Commodity Credit Corporation as payee and should be mailed to the Chicago office of the Corporation. Notes representing loans made with other agencies should bear the name and address of the lending agency as payee. Substitutions for the note and chattel mortgage forms as provided by Commodity Credit Corporation will not be accepted.

§ 248.11 Purchase of loans. Com-\*modity Credit Corporation will purchase, without recourse, eligible paper, as defined in § 248.1 (e) hereof, only from lending agencies which have executed and delivered, to the regional director of Commodity Credit Corporation serving the area, a Contract to Purchase (1940

C. C. Form E). Notes held by lending agencies may be tendered to Commodity Credit Corporation, Chicago, Illinois, at any time prior to September 1, 1944, but must be tendered for purchase upon request of the Commodity Credit Corporation, and in no event later than September 1, 1944. The purchase price to be paid by Commodity Credit Corporation for notes accepted will be the face amount of such notes, plus accrued interest, from the respective dates of disbursement to the date of payment of the purchase price, at the rate of 11/2 percent per annum. Under the terms of the Contract to Purchase, lending agencies are required to report weekly, on 1940 C. C. C. Form F, all payments or collections on producers' notes held by them, and to remit promptly to Commodity Credit Corporation an amount equivalent to 1½ percent interest per annum on the principal amount collected from the date of disbursement on the note to the date of payment. In connection with the 1943 Corn Loan Program, lending agencies must submit notes and reports to the Regional Director, Commodity Credit Corporation, 208 South La Salle Street, Chicago, Illinois.

§ 248.12 Release of collateral. A producer may obtain release of all or part of his collateral by paying to the lending agency or Commodity Credit Corporation, whichever holds the note, the loan value, plus accrued interest, for the number of bushels released.

Commodity Credit Corporation will purchase notes on which partial releases have been made by lending agencies, provided the note is credited by the lending agency for the full amount of the loan on the corn released, plus interest at the rate of 3 percent per annum, when 1½ percent interest per annum on such principal amount collected has been submitted to the regional director of the Chicago office.

County agricultural conservation committees will be requested to release the mortgage from the county records after payment in full has been made by the producer.

Dated: December 1, 1943.

J. B. Hutson,

President.

PART 1010-SUSPENSION ORDERS

[Suspension Order S-438]

DOLAN BUILDING MATERIAL COMPANY

Dolan Building Material Company, a corporation, with its principal office and place of business located in Portland, Oregon, is engaged in the retail sale of all types of building material, including electrical fixtures and plumbing equipment.

Subsequent to November 27, 1942, Dolan Building Material Company sold and delivered numerous items of new metal plumbing equipment and new metal heating equipment, to ultimate consumers, although their orders therefor either bore no preference ratings or improper preference ratings and had no certifications endorsed thereon, as required by Limitation Order L-79. At the time of the aforesaid transactions the corporation, through its officers and employees, had knowledge of the existence of said Limitation Order L-79. The corporation's aforesaid actions constituted wilful violations of Limitation Order L-79.

These violations of Limitation Order L-79 have hampered and impeded the war effort of the United States by diverting scarce materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered That:

§ 1010.438 Suspension Order No. S-438. (a) Deliveries of material to Dolan Building Material Company, its successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned, applied or extended to such deliveries by means of

preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation or allotment shall be made to Dolan Building Material Company, its successors or assigns, directly, or indirectly, of any material or product the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Dolan Building Material Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on December 23, 1943, and shall expire on March 23, 1944.

Issued this 16th day of December 1943.

WAR PRODUCTION BOARD, By J. JOSEPH WHELAN, Recording Secretary.

PART 1010—Suspension Onders [Suspension Order 8-443]

WASCO FLASHING COMPANY

Wasco Flashing Company, a corporation having its principal office at 86 Broadway, Cambridge, Massachusetts, has been engaged in the manufacture of sheet roll and strip for building purposes from copper or copper base alloys. Wasco Flashing Company violated Copper Conservation Order M-9-c by using approximately 7,819 pounds of copper or copper base alloys in the manufacture of sheet roll and strip for building purposes, during the period between April 1, 1942 and October 27, 1942. Wasco Flashing Company also violated Priorities Regulation No. 1 and Copper Conservation Order M-9-c by wilfully furnishing false information to the War Production Board.

These violations of Conservation Order M-9-c and Priorities Regulation No. 1 have hampered and impeded the war effort of the United States. In view of the foregoing facts: It is hereby ordered, That:

§ 1010.443 Suspension Order No. S-443. (a) Wasco Flashing Company, its successors or assigns, shall not directly or indirectly put into process of manufacture, or make delivery of any copper or copper base alloy or products manufactured therefrom, except as hereafter specifically authorized in writing by the War Production Board.

(b) Deliveries of material to Wasco Flashing Company, its successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be

assigned, applied or extended to any such deliveries by means of preference rating certificates, preference rating orders, general preference orders, or any other orders or regulations of the War Production Board except as hereafter specifically authorized in writing by the War Production Board.

(c) No allocation or allotment to Wasco Flashing Company, its successors or assigns, shall be made of any material or products, the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

PART 1010—SUSPENSION ORDERS [Suspension Order S-467]

VAN EOKKELEN CONSTRUCTION COMPANY

Van Bokkelen Construction Company, a corporation with offices at Oakland, California, engages in the general contracting business and specializes in the restoration of properties damaged or destroyed by fire.

On or about March 13, 1943 a theater building in Berkeley, California, was damaged by fire. On or about March 18, 1943, pursuant to request, the War Production Board granted emergency authorization to do "work only necessary to protect contents." On or about April 3, 1943, the respondent entered upon a program of reconstruction of said building in excess of the minimum necessary to make the structure safe and to protect, the contents thereof. Moreover, after filing an application, the company did not wait to learn whether approval would or would not be given for construction other than the minimum required to make the building safe. This was a violation of Conservation Order I-41.

On or about February 25, 1943 a store building in Napa, California, was damaged by fire and on March 5, 1943, pursuant to request, the War Production Board granted emergency authorization for construction "to protect contents," and the owner of the building was instructed to file his application within two weeks, the owner having indicated that about \$25,000 would be required to reconstruct the store. Ultimately, the owner's application was received, showing \$29,700 as the estimated cost of reconstruction, using critical materials

valued at \$5,714.50. The application was denied on April 14, 1943 and after reconsideration at the owner's request, was again denied on May 7, 1943. Meanwhile, on or about April 30, 1943, the work which the respondent was doing on the store was halted by a stop telegram. The construction was in excess of the amount and kind necessary to make the building safe, and hence was in violation of Conservation Order L-41.

In December 1942, a restaurant in San Francisco was partly destroyed by fire and in January 1943, the respondent commenced extensive construction work in restoring the building. No telegram was ever sent to the War Production Board asking for authority to make emergency repairs, and no application was ever filed for approval to engage in the reconstruction of the damaged building. Such procedure was clearly set forth in paragraph (b) (8) of Conservation Order L-41. An establishment where food is sold is listed on Schedule B, and under Conservation Order L-41 \$200.00 was the limit on construction which could be done without War Production Board authorization. The respondent admitted that approximately \$2,000 was involved in the construction work on this restaurant. Hence, such work was a violation of Conservation Order L-41.

From January 13, 1943, through May 11, 1943, the corporation applied and extended AA-5° preference ratings to nine different purchase orders involving materials having a value of approximately \$855.85. The respondent claimed ..to have been misled by a letter from the Administrator of the lumber Conservation Order M-208, but admitted having extended the rating for metals, not softwood lumber, and further admitted never having even read M-208, although its attention was specifically directed to it in the manner indicated, and a reading of it would have shown that it dealt with lumber, not metals. Inasmuch as the corporation had no authorization to apply or extend such preference ratings, its certifications constituted false representations to the War Production Board and to the corporation's suppliers.

The aforesaid acts constituted violations of Conservation Order L-41 and Priorities Regulation No. 1. Since the corporation is primarily engaged in a business controlled by Conservation Order L-41 and knew, or should have known of the restrictions of said order and of Priorities Regulation No. 1, the aforesaid acts constituted wilful violations of that order and of Priorities Reg-

ulation No. 1.

The foregoing violations have hampered and impeded the war effort of the United States. In view of the foregoing; it is hereby ordered, That:

§ 1010.467 Suspension Order No. S-467. (a) Deliveries of material to Van Bokkelen Construction Company, its successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference ratings shall be assigned, applied, or extended to such deliveries by means of preference rating orders, preference rating certificates, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation shall be made to Van Bokkelen Construction Company, its successors or assigns, of any material the supply or distribution of which is governed by any order of the War Production Board unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Van Bokkelen Construction Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except in so far as the same may be inconsistent with the provisions hereof.

(d) The provisions herein contained shall take effect on December 23, 1943, and shall expire on March 23, 1944.

## TITLE 38—PENSIONS, BONUSES AND VETERANS' RELIEF

Chapter I-Veterans' Administration

PART 35-VETERANS' REGULATIONS

FORFEITURE OF RIGHTS AND ADJUSTMENT OF AWARDS

Instruction No. 1, Sections 4 and 5, Public No. 144, 78th Congress; (Act of July 13, 1943).

For the purposes of sections 4 and 5, Public No. 144, 78th Congress, the following instruction is hereby issued:

1. Section 4, Public No. 144, 78th Congress, provides as follows:

Any person shown by evidence satisfactory to the Administrator of Veterans' Affairs to be guilty of mutiny, treason, sabotage, or rendering assistance to an enemy of the United States or of its allies shall forfeit all accrued or future benefits under laws administered by the Veterans' Administration pertaining to gratuities for veterans and their dependents: Provided, however, That the Administrator of Veterans' Affairs in his discretion, may apportion and pay any part of such benefits to the dependents of such person not exceeding the amount to which each dependent would be entitled if such person were dead.

Section 5, Public No. 144, 78th Congress, provides as follows:

When any person not a citizen of the United States entitled to compensation, pension, or other gratuity under laws administered by the Veterans' Administration is located in the territory of or under military control of an enemy of the United States or of any of its allies, any award of such benefits in favor of such person shall be terminated forthwith and such person shall not be entitled to any such benefits except upon the filing of a new claim accompanied by evidence satisfactory to the Administrator of Veterans' Affairs showing that the claimant was not guilty of any of the offenses enumerated in section 4 of this Act: Provided, That no compensation, pension, or other gratuity shall be paid for any period prior to the data of such new claim: Provided further, That while such person is located in a territory of or under military control of an enemy of the United States or any of its allies, any part of the benefits to which such person would otherwise be entitled may, in the discretion of the

Administrator of Veterans' Affairs, be apportioned and paid to the dependents of such person who are in the United States or in a place not occupied or controlled by such enemy, except that the amount so apportioned and paid shall not exceed the amount to which each dependent would be entitled if such person were dead.

2. In any case where information is received, indicating a veteran or any other person, receiving pension, compensation or retirement pay under laws administered by the Veterans Administration, may be guilty of mutiny, treason, sabotage, or rendering assistance to an enemy of the United States or its allies, the file will be referred to the central committee on waivers and forfeitures for development and a determination as to forfeiture of all accrued or future benefits under laws administered by the Veterans Administration pertaining to gratuities for veterans and their dependents. A statement of the facts indicative of guilt will be included in the letter or memorandum transmitting the case but no independent investigation will be conducted nor will payments in active cases be discontinued. If awards action is indicated for any reason while the case is pending, it will be referred to the appropriate service in the central office for consideration. As to any person not beyond the jurisdiction of the United States courts, no forfeiture for any offense stated in section 4 will be declared except upon conviction in a court of competent jurisdiction, or otherwise after full notice, and hearing with representation by counsel, if desired, and only upon approval by the Administrator of Veterans Affairs. Proof beyond a reasonable doubt is required. Pending trial or hearing benefits may be suspended or apportioned, or both, and if forfeiture be finally determined it shall be effective as of the date of last payment. If in any cases wherein forfeiture for such offense has been declared the person shall be later tried and found not guilty of the same offense-other than by failure of the suit because of the statute of limitations—the forfeiture may be lifted as of its effective date, but any apportioned payments made in the meantime shall be valid. Cases in which forfeiture is declared will be retained in the central office for further adjudication. In such cases benefits shall be discontinued as of date of last payment.

3. Section 5, Public No. 144, 78th Congress, is for application in conjunction with the provisions of Public No. 828, 76th Congress, as amended by Public No. 783. 77th Congress. Accordingly, deposits into the Special Deposit Account heretofore authorized under said Public No. 828. as amended, will be continued, but in any new case meeting the conditions of section 5, payments will be stopped forthwith. Upon receipt of claim for monetary benefits, the matter will be referred to the chief, claims division, veterans claims service, if disability benefits are involved, or the chief, adjudication division, dependents claims service, if death benefits are involved, for adjudication and certification to the chief, accounts division, finance service, central office, as follows:

(a) Evidence, unless already of record, will be secured to determine whether claimant is a citizen of the United States and whether guilty of any of the offenses enumerated in section 4, Public No. 144, 78th Congress,

(b) If evidence of record, or secured, shows claimant a citizen of the United States and does not show him guilty of any of the offenses enumerated in section 4, Public No. 144, 78th Congress, the chief, accounting division, finance service, central office, will be so informed, and monthly payments otherwise in order, effective as of the date of receipt of claim to reopen, will be awarded.

(c) If evidence of record, or secured, shows claimant is not a citizen of the United States and does not show him guilty of any of the offenses enumerated in section 4, Public No. 144, 78th Congress, a stop-payment notice discontinuing payments transferred to the Special Deposit Account on behalf of the claimant, effective as of the beginning date thereof, will be made and an award authorizing payments otherwise in order, effective as of the date of receipt of claim, will be made.

(d) If the evidence indicates claimant is guilty of any of the offenses enumerated in section 4, Public No. 144, 78th Congress, the case will be referred to the central committee on waivers and forfeitures as provided in paragraph 2.

4. Apportionments of disability benefits pursuant to section 4 and the last proviso of section 5, will be in accordance with the current apportionment regulations and instructions. In determining the total amount payable, dependents of a veteran located in a territory of or under the control of an enemy of the United States or any of its allies, will be excluded from consideration in determining his dependency status. If his only dependent is located in such territory the veteran will be considered as a single person and his award will be subject to the reduction and discontinuance provisions of § 35.06, as amended. If the veteran is located in such territory and he has dependents who are in the United States or in a place not occupied or controlled by such enemy no amount may be apportioned in excess of that to which each dependent would be entitled if the veteran were dead.
